## Dr. Tim Elmore

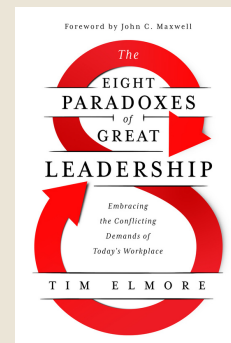

- Founder and President of Growing Leaders, Generational Expert, Leadership Coach -

### "A New Kind of Diversity: Making the Different Generations on Your Team Your Competitive Advantage"

Today's best leaders are tuned into the issue of diversity. Understanding ethnic, gender and income diversity is important. However, we often overlook generational diversity. Today's workplace has up to five generations collaborating and, at times, they can feel like cross-cultural relationships. Dr. Elmore will explain the key difference of each generation and the strengths each one brings that can add value to your team, especially in the aftermath of a pandemic. He will also unveil the critical social and emotional skills needed for each of us to thrive with each other

From the classroom to the conference room, to the boardroom, Dr. Elmore is a dynamic communicator who uses principles, images and stories to strengthen leaders. A prolific author, he has written more than 25 books, including *The Eight Paradoxes of Great Leadership*, set to release in the fall of 2021. Come hear from this inspirational faith + work leader.

A special thank you to our platinum, gold, and national sponsors!
